ARREST MAN WHO ADMITS ROBBING WEILLER HOUSE YESTERDAY

Santa Fe Special Officer Takes Suspect From Train At Isleta. Who Puts Up Vicious Fight When Searched.

NEARLY ALL JEWELRY IN HIS POSSESSION

Acting on telegraphed advice from the Albuquerque officers, Santa Fe special officer George H. Thomas last night arrested at Isleta the man who robbed the H. B. Weiller residence on West Central avenue yesterday afternoon.

The man, who gives his name as William E. Kinsor, was brought to the city this morning, and admitted his guilt. A part of the stolen property was recovered, but a gold bracelet and a fancy ring remain missing.

PLEASE HELP A CRIPPLE

Hour claims to have been so drunk last night that he does not know when he got on the train. He previously stated, however, that he had caught the blind baggage, from which Officer Thomas took him, just below the station. He denies all knowledge of the clock and bracelet, and it is thought these have been sold.

No Arrests in Birth Case.

No arrests have been made in the Barth robbery, which took place yesterday afternoon. It appears that Morris Barth and Jacob Barth, formerly of the robbery, were in the house when the robbery was committed and that the arrival of Jacob Barth sealed away the burglar before he could collect all the available loot.

Safe Broken into Saturday.

The safe at the Star Furniture company, 214 Gold avenue, was entered Saturday night, and two gold watches taken. The manager, G. Nissen, has been in the habit of leaving the combination unturned, since it was tampered with in a robbery last summer and consequently the thief had easy access to the private compartment within the affair. This was broken up with a hammer, and piled open with a chisel. The thief was evidently familiar with safe construction, as is shown by the workmanlike manner in which the work was done.

Counterfeit Money Estant.

A number of pieces of counterfeit money of small denominations have been reported by the victims, and the police is cautioned to use care in accepting change.

CITIES INUNDATED IN SONORA BY A TIDAL WAVE

Meager Advices Over Badly Demoralized Telegraph Service Indicate Heavy Property Loss But Few Killed.

(By Evening Herald A. P. Leased Wires) Mexico City, Oct. 12--Reports received here today indicate that there was a big property loss but few fatalities in the storm that swept the coast of Sonora last Thursday. The telegraph lines were not restored until last night, when the government received its first word of the disaster.

According to official advices, San Jose De Guaymas was practically destroyed. The railway stations at Empalme and Ortiz were torn down.

The lower part of Guaymas, the port city, was inundated by the sea to a depth of two feet. No lives were lost there. The wind rose at 2 o'clock in the morning and attaining hurricane velocity, continued for some hours. Iron roofs on many buildings, including the custom house, were blown away and smaller structures were leveled at Guaymas. A few fighters in the harbor were driven ashore. One man was killed at Empalme.

Communication with San Jose De Guaymas has not yet been established.

Canevay Washed Out. El Paso, Texas, Oct. 12--A special to the Herald says that the tidal wave which struck Guaymas, Sonora, washed out a canevay three kilometers long over an arm of the bay. The waves heaved a sea wall and water ran three feet deep in the streets. Trains for the south are running only as far as Hermosillo.

Tucson, Ariz., Oct. 12--Official reports received today by the Southern Pacific lines in Mexico state that the damage wrought in Guaymas by the recent storm would total from \$250,000 to \$300,000. No loss of life was reported in Guaymas.

Water Supply Is Short. Nogales, Ariz., Oct. 12--Eighteen persons are dead as a result of the storm which swept the western coast of Sonora a week ago today. Many more are missing.

Five days without water excepting small supplies irregularly sent from Guaymas. Mining properties suffered losses estimated at \$2,000,000. Food supplies are short in and about Guaymas and Rosalia.

MADERO ACCEPTS PEOPLES CHOICE

(By Evening Herald A. P. Leased Wires) Mexico City, Oct. 12--President-elect Madero issued a statement today in which he said:

"I accept without question and will work harmoniously with the man whom the people choose as vice president, despite my desire for the election of Pino Suarez."

Madero denied that he had forced Suarez on the people, saying he had merely recommended him. If all three candidates had an absolute majority on Sunday, he said, he would suggest the largest number of votes in the electoral college.

COLORADO RIVER GOES ON RAMPAGE

Cuts Through Big Dike On Arizona Side At Needles and Thousands of Acres Are Flooded.

(By Evening Herald A. P. Leased Wires) San Bernardino, Calif., Oct. 12--According to special dispatches received here from Needles last night the Colorado river has risen to its highest point of the year and has cut its way through the big dike on the Arizona side.

Thousands of acres of reclaimed lands are flooded and the settlers are said to be abandoning their homes. The damage is heavy.

When the dike on the Arizona side broke the pressure on the California side was relieved and no fears are felt by settlers on this side.

GOTCH-HACK PICTURES CANCEL ENGAGEMENT

The management of the Gotch-Hackenschmidt pictures, which have been on exhibition at the Elks theater this week, have cancelled the remainder of their engagement, and the pictures will be seen no more in Albuquerque for the present.

The announcement has been made, however, that arrangements have practically been completed for a return engagement of the pictures some time within the next three or four weeks. The counter attractions of fair week were so strong that the cancellation of the dates for the present was deemed the part of wisdom, but the picture people are sure that they have something that the people want to see and should see, and they will give another opportunity for Albuquerqueans to look at what are undoubtedly the best pictures of a sporting event ever taken.

(Special Correspondence to the Herald) Alamo-geho, N. M., Mexico, Oct. 12--Enrique Creel, former ambassador from Mexico to this country, is now in Alamo-geho. He is said to be visiting friends there, but the rumor has gained circulation that his presence in that town may mean that hostilities are about to be resumed along the Mexican border. There has been some talk of a threatening revolution, and Mr. Creel's prompt arrival at so remote a station is considered to be more than a mere friendly visit.
